Jon and Wendy, the GLEC Co-Chairs discussed the Progress Report of the Parties' AOC chapter on their April 13th call. Mike and Cam were both comfortable with the latest draft you developed (i.e. Wendy's version from April 11th) including the tables proposed to report against the specific reporting requirements in the AOC Annex.

Mike also mentioned that we will be updating our domestic AOC website to ensure that further information on the status of BUIs, actions completed or initiated, and the remaining actions for each AOC are available in detail, and that links to these individual Canadian AOC websites are available through your Progress Report of the Parties chapter tables. ***Jon** – we will be further discussing this point with Mike to get additional direction on any required edits to our website. Stay tuned.*

Please continue your efforts to finalize your draft chapter and submit it to us by April 28th.

Thanks,

[sent on behalf of Jennifer and Chris, GLEC Secretariat]

Hi Wendy,

I think this looks good. It least conveys the impression that we're responding to all four reporting requirements in the Annex. The only modification that I would offer for consideration is that we could add a page on Canadian domestic action highlights and presumably there could be a similar page on the US highlights.

However, it all comes down to what the GLEC co-chairs want in terms of content. I suggest that Wendy's mock-up chapter be presented to them. We'll wait for their direction before spending any more time on this.

Please find attached a reworked version of the Annex 1 chapter for the Progress Report of the Parties. This version is reformatted to be consistent with the Annex 4 draft but still includes the BUI and Action Status tables based on our discussion. It is important to note that: 1) the timeline on page 1 only identifies US AOCs where all cleanup has been completed or the AOC delisted; similar Canadian information would need to be added; and 2) the Action status tables are not complete; they are only intended to provide a sense of what the table will look like. Look forward to having a follow up discussion at your earliest convenience. Thanks.

Thanks!

Hello Jennifer:

As a follow-up to yesterday’s conversation, I’d like to schedule the Jennifer/Jon/Chris/Wendy discussion on:

- The Annex 1 Chapter of the PRP; and
- Moving forward with the Annex 1 Products (i.e., the Status Report and the AOCiR white paper).

Since we will presumably be having our (now weekly) Secretariat call on Thursday 4/7, I was wondering if we could hold this Annex 1 discussion on that same date at either 8:30-9:30 a.m. CT (9:30-10:30 ET) or 12:00-1:00 p.m. CT (1:00-2:00 ET).

Let me know!

Thanks.
